

**SUMMIT ROAD & MORSE ROAD WATERLINE & SEWER EXTENSION
PROJECT INFORMATION
FEBRUARY 2026**

Dear Neighbor,

The Licking Regional Water District is pleased to announce that we are moving forward with a new project to extend potable water and sanitary sewer service along portions of Summit Road and Morse Road in the City of Pataskala and Jersey Township. The project is currently out for public bid, with construction activities anticipated to begin in spring 2026.

The project area begins on Summit Road SW north of Cable Road, continues to Morse Road and extends east along Morse Road ending near Harrison Road SW. The improvements include the installation of approximately 11,400 feet of 8-inch and 16-inch PVC waterline and nearly 10,300 feet of 12-inch PVC sanitary sewer.

The Licking Regional Water District is not requiring residential property owners in the project area to connect to water or sewer lines upon completion of this project.

Residents and property owners who would like to review the project plans or learn more about water or sewer service associated with this project are encouraged to contact Licking Regional Water District at 740-927-0410 or customerservice@lickingregionalwater.gov. Additional information, including service application materials, is available on <https://www.lickingregionalwater.gov/>.

Sincerely,

A handwritten signature in blue ink that reads "James G. Roberts".

James G. Roberts, P.E.

Executive Director

Licking Regional Water District
