Dear Rob:

Thank you very much for coordinating the rezoning application for the property located on the southeast corner of Mink Street and Morse Road—from Rural Residential (RR) to Planned Unit Development (PUD)—for the Will Power Ohio LLC project. The laydown yard is a part of the utility pre-empted in the state of Ohio by the Ohio Power Siting Board. While we remain committed to being good neighbors, we have decided not to move forward with the rezoning request at this time. We will still agree to providing the mounds and donating the 2.0-acre creamery site to the Township; subject to an access easement for emergency access.

Please consider this as our official notice of withdrawal for the rezoning application. Please confirm receipt of this request and the removal of this item from the June 16th Board of Trustees agenda.

If any additional documentation is required, please feel free to reach out to me.

Sincerely,

A handwritten signature in blue ink that reads "Tara Meek". The signature is fluid and cursive, with the first name "Tara" and last name "Meek" clearly distinguishable.
